

The sky is not the limit.

The logo for RPM (Rechnerische Prozessmanagement) features the letters 'RPM' in a bold, italicized, sans-serif font. The letters are white with a blue glow effect. The 'R' and 'M' have a curved, swoosh-like element that extends from the top and bottom respectively, creating a sense of motion or a stylized 'P' shape. The logo is set against a dark blue background with a subtle, glowing circular pattern behind it.

RPM

We push the boundaries of control and maintenance.

Key Figures

2017	Employees	31 +4 Vienna
	Freelance Trainer	10
2016	September Event	Registered 15000 th trainee
2016	ARC per year CAMO	80 (ACJ/BBJ-BJ)
2017	Aircraft technical management CAMO	65
2017	Minor/Mayor Projects DOA	230 / 11 STC

How do you control your quality?

QCM Consulting

Consulting Services in the field of Initial Airworthiness (Design & Production), Continuing Airworthiness (CAMO & Maintenance) and Air Operations (CAT & NCC)

- Independent Audit Services
- Preparation of Documentation (Handbooks, Expositions etc.)
- Interim Management
- Individual Consulting Projects

Do you know the difference between an aircraft and an airplane?

QCM Training

Regulatory and various other specific / customised training

- Continuing Airworthiness
- Design
- Production
- Operations
- Quality / Safety
- SAFA Awareness
- Human Factors
- FTS & EWIS
- Stock Management
- NiCad
- EASA / FAA Differences
- And various others

Do you know the difference between an aircraft and an airplane?

QCM Training

Approved Maintenance Training Organisation (Approval Ref.: CH.147.0012)

Approved Maintenance Training Organisation for aircraft type training Level I and Level III.

B1 - Mechanic

- Bombardier CL-600-2B16
- Dassault Falcon 900EX
- Cessna 560XL/XLS
- Learjet 31; 35/36; 45/55/60

C - Base Engineer

- Falcon 900EX
- Learjet 35/36
- Learjet 55
- Learjet 60

B1+B2 - Mechanic+Avionics

- Learjet 31/35/36

Do you know the difference between an aircraft and an airplane?

QCM Training

Cooperations with other Training Organisations

→ SR Technics, SVFB, Aero-Dienst as well as TAG Aviation

Were expanded to offer a wider range of trainings within “Aviation Maintenance” and “Aircraft Type Trainings” for:

- Basic Training according Part-66 (SVFB)
- Aircraft Type Trainings for Boeing and Airbus (SRT, CH.147.0009)
- Aircraft Practical Trainings

You fly – we take care of everything else!

QCM Dispatch

We Dispatch your Aircraft

- Flight planning with 'state of the art' flight planning software
- Preparation of your flights and coordination with all involved parties
- 24 hours a day and 365 days a year - our experts are on-call around the clock
